

ARCHIVES RECORD

RG606 Paxton Irrigation District

Records: 1928
No. of Items: One

HISTORICAL NOTE

The Paxton Irrigation District, organized in July 1927, appropriated water from the South Platte River to irrigate land in eastern Keith and northwestern Lincoln Counties in Nebraska. The district was dissolved on March 1, 1961.

SCOPE AND CONTENT NOTE

The records of the Paxton Irrigation District are composed of one item, arranged in one series: (1) Blueprints, 1928.

This set of blueprints, drawn in 1928, consists of plans for the headgate, chutes, bridges and other structures on the main canal of the Paxton Irrigation District.

DESCRIPTION

SERIES ONE BLUEPRINTS, 1928
