RG5033.AM: Historical Windmill Trade Literature Collection

Records: c.1875-1997; mostly 1920-1995

Central Great Plains; Nebraska

Size: 1.0 cu.ft.; 1 box

### SCOPE AND CONTENT NOTE

This collection consists of trade literature relating to windmills used on the Central Great Plains. It includes windmills manufactured and distributed in Nebraska, as well as those sold nationally and used in the state. The collection is organized alphabetically by manufacturer or distributor, with a bibliographic citation and abstract for each item. Of particular interest are the items, c.1917-1995, from the Dempster Mill Mfg. Co. (later Dempster Industries, Inc.) of Beatrice, Nebraska. The "Description" section that follows contains a list of the alphabetical bibliographic citations.
