Identifier: RG266
Creator: Dodge County (Neb.)
Date: 1856-1968

HISTORICAL NOTE

Dodge County was organized by act of the Nebraska Territorial Council, March 15, 1855. The county was one of the original eight counties in the Territory of Nebraska. As early as 1854 there were councilmen appointed for this county, but no official organization was held until 1856. In November of that year the first election of officers was had at North Bend. The county boundaries continued to be changed until 1875 when the present boundaries were set. The southern border of the county is the Platte River.

At the time of organization, Fontanelle was the county seat. The first Commissioners meeting was held here January 6, 1857. In 1860 boundary changes put Fontanelle in Washington County. By an act of the Territorial Council, November 2, 1858, Fremont was named the county seat. In February 1860 an election in the county permanently made the seat of government Fremont. Fremont was platted in 1856. On March 23, 1901, Governor Dietrich proclaimed it a first class city.

No public buildings existed in 1860 when Fremont became the seat of government.

The county offices were in private homes and leased space. It wasn't until 1866 that a county courthouse was contracted for and completed September 3, 1867. A jail was added in 1875. Before that prisoners were housed in a room in the courthouse. This first courthouse was damaged by fire on December 31, 1887 and many early books were lost. Transcripts had to be made of court records. George W. Day was paid 120.00 to reproduce new court record books and papers that were lost in the fire. A new courthouse was dedicated October 4, 1890. A fire on December 5, 1915 made it necessary to rebuild the courthouse from the ground up on the foundation of the old courthouse. A substantial amount of public records were destroyed in the fire but the major records survived. The new courthouse was completed in February 1918. From 1915-1918 while the new courthouse was being built the county was governed from the First National Bank Building.

The first school in the county was started at Fremont in 1858. Also, Fremont College began in 1884 and was later known as Midland College (1919). The first railroad in Dodge County was the Union Pacific RR. Many settlers purchased land from this road. It passes through Fremont and North Bend and at one time maintained 25 miles of road

through the county. The first train service on the road was in January of 1866. The Fremont, Elkhorn and Missouri River Railroad was organized in Fremont in January of 1869 and the first track laid that same year north from Fremont. Other roads in the county were the Sioux City and Pacific, the Chicago and Northwestern, and the Chicago, Burlington and Quincy RR companies.

Dodge county has had a township form of government since 1886. It is divided into sixteen townships.

NOTE: These calendars may relate to all cases heard in Probate Court. Early civil and criminal cases were tried in Probate Court.

SCOPE AND CONTENT NOTE

This microfilm record consists of miscellaneous probate dockets accessioned from Dodge County Court and a private donor. The case files of the county are on microfilm and security master negatives are stored at the Archives. However, the original probate dockets are missing at the county level. Since some of the dockets came to us by private

donation, purchased at an auction, it may be that the original dockets no longer exist. In talking with the county court, October 2003, it was learned that in 1986, the volumes were removed from the old courthouse and given to antique dealers. We commend the donor who paid to retrieve several of the volumes on this microfilm for preservation. The security microfilm in storage at the Archives does not meet standards and satisfactory copies from this microfilm may not be of good quality.

The county court still holds all the original case files for Dodge County probate. Some of the probate dockets are missing from the county vault, FB1 thru 5 and 7 thru 9. However, they have an index to probate in the county.

The collection on microfilm consists of a General Index to Probate, 1867-1902; five probate calendars, 1902-1948, Probate Docket B, 1867-1883; Probate Dockets 6 & 7, 1888-1900, and a General Index to probate court cases, 1906-1948.

SUBGROUP SEVEN DISTRICT COURT, 1859-1988

film SERIES ONE NATURALIZATION RECORDS, 1869-1952

NOTE TO PATRONS: The original inventory and targets for early Naturalization Volumes are in error. The Naturalization Card Index cites naturalizations from District Court Journals as early as 1869. The Volumes on microfilm start at 1873.

The Card Index is not complete for early Declarations and Naturalizations. The Volume targets on microfilm are in error as to what title the volumes on the inventory have on the card index. Please refer to this inventory only when referencing Declarations and Final Papers thru 1906.

The Card Index may not be in strict alphabetical order.
